MEDICAL CLINICS HOLIDAY SCHEDULE: The Launch Area Clinic (LAC located in the MFF) and the Occupational Health Facility (OHF, M6-495) will be closed for the Christmas holidays from December 24, 2002 through January 1, 2003. They will both reopen on Thursday, January 2, 2003. **The Visitor Complex Clinic will remain open as follows:**

December 24, 31, and January 1 9:00 a.m. to 7:00 p.m.

December 25 **Closed**

December 26 to December 30 9:00 a.m. to 8:00 p.m.

Emergency medical services are available 24/7 by dialing 911. (TA-C2)

DECEMBER HEALTH EDUCATION & WELLNESS PROGRAM—SAFE & HEALTHY HOLIDAY COOKING: Foodborne illness is the nation's number one food safety hazard. December's packet will give information on safe cooking practices and healthful holiday meals. Packets will be available at all medical facilities, upon request to Carol Roth, 867-3414, email **Roth-1, Carol** and on the Occupational Medicine web-site: <http://sgs/sgs/sites/other/chs/occmed/index1.htm>. (TA-C2)

INFLUENZA VACCINATION: Influenza vaccination at KSC has been given for the past two months, but due to the excellent response to this year's health promotion activities, the KSC Flu Vaccine shots are currently unavailable. If additional supplies become available at KSC, another notice will be posted. (TA-C2)

COLORECTAL CANCER SCREENING: Small amounts of blood in your stool, which can be detected with hemoccult slides, can be an indication of colorectal cancer. Hemoccult slides and instructions are available at all medical facilities during hours of operation. (TA-C2)

SCREENING MAMMOGRAMS for breast cancer are available at KSC, southwest corner of the parking lot behind the Headquarters Building. Call 1-800-367-1870 for an appointment. (TA-C2)

WORK-SITE LECTURES on any health subject, requests for health information or counseling are available upon request to Carol Roth, 867-3414, email **Roth-1, Carol**. (TA-C2)

CANCER SUPPORT GROUP: SGS/CHS offers a Cancer Support Group for KSC/CCAFS personnel who wish to participate. The group convenes every Thursday at 11 a.m. for approximately 45 minutes in the Occupational Health Facility, Building M6-495 Library. The group is intended for those undergoing treatment, those in remission, survivors and caregivers. Bring your lunch and join in for this informative support group. Please email Nancy Zuhlke at nancy.zuhlke-1@kmail.ksc.nasa.gov or call her at 867-2025 for more information. (TA-C2)

NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS: How To Resolve To Eat Better. Do you plan each year to do your body some good? Making small changes in diet and exercise will reap big rewards—and keep those resolutions intact. When making dietary changes start small. Set a few realistic goals. In the long run, you'll have better self-esteem and more self-confidence because you'll actually stick with them. Here are a few tips for a healthier diet and lifestyle:

- Don't skip **any** meals or snacks, especially breakfast. Skipping breakfast gives you the munchies later on and slows your metabolism. Try not to let more than five hours go by during the day without eating. Waiting too long can zap energy, and can lead to overeating later. Eat a (healthy) snack between lunch and dinner, maybe right before leaving work, so you will be less likely to grab snack foods once you get home.
- Include a total of 30 minutes of activity every day. It doesn't have to be all at once.
- Drink fewer sodas and other sweetened drinks, like iced tea. A big bottle of a juice-based drink can contain 300 calories—and those calories add up. Drink water instead. Or mix juice and water, so you're not drinking something so heavily loaded with sugar.
- Aim to eat five servings of fruits and vegetables every day.
- Buy pre-cut fruits and vegetables, so you can grab them when you're hungry.
- Keep frozen veggies in the fridge. They are easy, quick, and rich in nutrients.
- Bring snacks to work—such as pretzels, fruit, and yogurt — so you won't find yourself at the vending machine every afternoon.
- When fixing a salad, sprinkle rolled oats or crunchy whole-grain cereal for added fiber, so you'll feel full.
- Fix pasta dishes with veggies and lean protein. Adding protein and veggies to pasta allows you to cut back on the amount of pasta while still feeling full.

KSC FORMS—SHANA INFORMED FILLER: The deployment of Shana Informed Filler is a NASA initiative to replace the current JetForm/FormFlow Filler application for use with KSC Forms. Most electronic forms have been converted. The remaining forms will be available as JetForm forms until the conversions are complete.

- ODIN PC desktops users require no action on their part. The electronic forms software has been installed automatically. Visit the KSC Forms web site and *open* any Shana Informed e-Form. The form will open in Informed Filler.
- ODIN Macintosh users requiring the electronic forms software must call the ODIN Help Desk and schedule a technician to manually install the software on their machine.
- J-BOSC supported PC desktops can install the software from the JBOSC Menu, Presentation, Install Shana Informed [OR from your Y: drive select Shortcuts, Presentation, Install Shana Informed]
 - Run the Shortcut selecting Next on all of the default selections (Welcome Next, Typical Next, Informed Next, Finish). This same Shortcut can be used to Uninstall Shana Informed software.
- J-BOSC Macintosh users needing the electronic forms software must also call the Care Center and schedule a technician to install the software on their machine.
- USA and Boeing supported desktops will be supplied with the Informed Filler software by their respective organizations. Contact your Help Desk.
- Currently the 45th Space Wing (AF) will continue to use JetForm as their official electronic forms software package, so if you require access to the AF forms you will need both form filler packages.

Users may access the forms in either of two ways:

- (1) Visit the KSC Forms web site and *open* any Shana Informed e-Form. The form will open in Informed Filler. <http://kscforms.ksc.nasa.gov/index.html>
- (2) On your local machine: Click on Start -> Programs -> Informed -> Informed Filler. For a New Data Document (a form you have not previously saved data into) select Services and KEF_DC. Documentation on the product is available on the web page or through the Informed "Help" tab.

Please contact your Help Desk if there are questions regarding installation of Informed software.

KSC LIBRARY: The KSC Archives regularly displays its collection of historical photographs for viewing by the KSC community. The display case is located between Rooms 1533 and 1537, across from the post office, in the Headquarters building. The current display highlights the 40th Anniversary of KSC's Spaceport News, highlighting some of its past special editions. Also highlighted is Apollo 17 (30th year Anniversary and the last time a human walked on the Moon.) Further information may be obtained by calling the Library Archives at 867-2407. (TA-E1)

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Robert Cobb, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)

USE OF FEDERAL PROPERTY: There are statutory and regulatory prohibitions against the use of Federal property, facilities, and equipment for personal purposes. These prohibitions apply to such items as Government vehicles, office supplies, FTS (Federal Telecommunications Systems), Datafax, computers and network capabilities, reproduction equipment, tools, and a variety of utility and other items. This also applies to equipment provided by the Government for contractor use and to items issued to the Government. Employees have a positive duty to protect and conserve such items and other property entrusted to them. (BA-B)

BARRY UNIVERSITY: Barry University is currently registering for the Winter 2003 term beginning January 6. Barry offers an undergraduate degree in **Information Technology** with specializations in Information Systems, Software Development, Webmaster and Network and Systems Engineering (NSE) and is an authorized Microsoft IT Academy. NSE courses help prepare students for Microsoft product certification. Barry also offers coursework leading to bachelors degrees in **Administration, Public Administration, Human Resources and Psychology**. Students may also be eligible to earn up to 30 credits towards their degree from work experience and transfer credit is accepted from other regionally accredited universities. Classes are schedule in the evenings and weekends during 5 accelerated terms per year at two convenient locations in Merritt Island and Melbourne. For more information please visit the website at www.barry.edu/ace, call 321-453-6253 or e mail Lynn Grant at lgrant@mail.barry.edu.

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY: Taking new applications for undergraduate and graduate degree programs beginning in January, 2003. Offering new MS in Tech Management and MS in Safety Science. Interested in Space Studies? Please contact us for more information. Phone 783-5020, space_coast_center@cts.db.erau.edu or www.embryriddle.edu/spacecoast.

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY (ERAU) ALUMNI-GRADUATION CELEBRATION: The Space Coast Center of Embry-Riddle is inviting all area ERAU alumni and ERAU current students to celebrate with this year's graduation class at a buffet dinner on Tuesday, December 17. Tickets are \$12.00 and must be purchased by Thursday December 12 by calling our office at 783-5020. Happy Holidays! Please contact us if your New Year's Resolution contains a promise to go back to school and obtain a degree. We offer graduate and undergraduate aviation and management related programs. Our next term begins January 6. Contact Jan Bridgham www.embryriddle.edu/spacecoast or space_coast_center@cts.db.erau.edu

FLORIDA INSTITUTE OF TECHNOLOGY: Florida Tech's School of Extended Graduate Studies offers MS degrees in: Software Engineering, Computer Science, Computer Information Systems, Space Systems and Space Systems Management. Contact Carolyn Henninger at chenning@fit.edu. UNIVERSITY OF FLORIDA—FEEDS ON-LINE: Engineers, computer professionals, and technical managers; update your core engineering knowledge and remain abreast of emerging technology through the Florida Engineering Education Delivery System (FEEDS) program at the University of Florida. The College of Engineering (COE) offers an extensive menu of graduate engineering credit courses through the FEEDS; the courses may be used towards the completion of a graduate degree, certificate program, or for additional knowledge and skills. Earn an engineering Master's degree on-line at work or at home, while pursuing your career. All of the courses are available for on-line delivery via streaming video technology through the Internet (requires high speed access); alternative delivery modes include CD-ROM and videotape. Registration is now open for Spring 2003; for more information, visit the COE web site at <http://ocep.eng.ufl.edu>; or contact Ruth Goetz at 352-392-9670 or rgoet@eng.ufl.edu. A sampling of the Spring 2003 courses that are being offered include: Software Engineering; Thermodynamics of Fluid Flow I; Wireless Networks; Experimental Stress Analysis; Fracture of Brittle Materials; Principles of Engineering Analysis II; Manufacturing Management; Ecological Engineering and many others.

UNIVERSITY OF MIAMI: *Change the course of your life.* Earn a prestigious Master's Degree in Management of Technology (MSMOT). Applications are currently being accepted for our next program beginning January/February 2003. Courses are held Friday evenings and Saturdays to accommodate working professionals. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu.

WEBSTER UNIVERSITY: Webster University will be holding graduate programs on-site at KSC starting the week of January 4, 2003. Applications are now being accepted for The Master of Business Administration and The Master of Arts in Computer Resources and Information Management programs at this location. Classes are one evening per week. Other programs are available at the Merritt Island, Palm Bay, and Patrick AFB campuses. For more information, call 449-4500 or visit www.webster.edu/spacecoast.
